Dear Colleagues,

We are pleased to announce the 5th ICONA Foundation Meeting “**HIV AND COINFECTIONS**” scheduled in **ROME** on **JANUARY 28-29, 2019**.

The ICONA Foundation Meeting is a closed workshop devoted to Specialists with the aim of pursuing new findings and strategies, as well as analyses and works in progress to allow open discussions among Experts on cutting edge issues in HIV and Coinfections.

The scientific program of this two-day Meeting will focus on the following **MAIN TOPICS**:

- ▶ ARV, early treatment and long-term strategies in HIV
- ▶ Comorbidities among HIV and HIV-HCV coinfectd patients
- ▶ The continuum of HIV care, based on surveillance and cohort data
- ▶ Long-term outcomes in the treatment of HCV with the new generation of DAAs
- ▶ How to manage failure and resistance to DAA-based therapies
- ▶ Scientific evidences and new research projects by ICONA and HepaICONA Cohorts in the treatment of HIV and HIV/HCV coinfection
- ▶ Long-term outcome of INSTI regimens

Arrivederci in Rome
